City of Medical Lake's List of Backflow Assembly Testers (BAT)

This list is provided as a convenience to our customers, and it may not include all available Backflow Assembly Testers. We do not recommend or guaranty any Testers. It is your responsibility to verify proper and current certification and other licensing requirements before hiring anyone to perform work on your premises.

We suggest securing several estimates of cost of testing your backflow assembly(s) and do they also repair assemblies if they fail?

1. AALL-Rite Services 4351 Allen Road, P.O. Box 85 Elk, WA 99009 (509) 991-4926
Scott Whitver
