

# CONVERSATIONS ABOUT COMMUNITY

## Updating Medical Lake's Comprehensive Plan

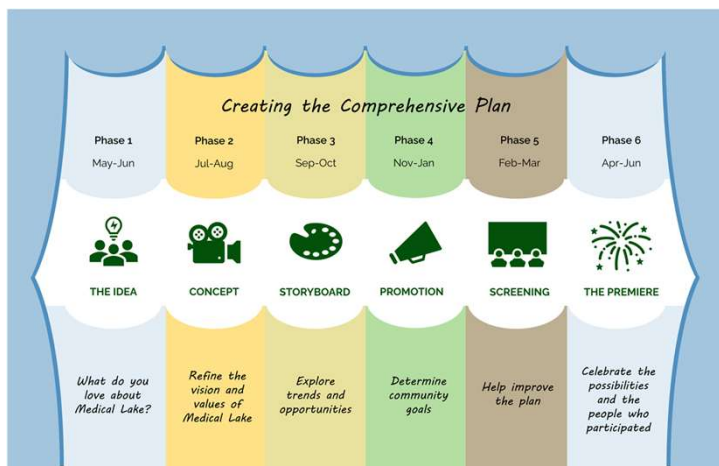

May 2025

### Steering Committee Created

The first Periodic Update Steering Committee meeting was held on May 7<sup>th</sup>. This committee will oversee the update of our comprehensive plan, particularly the community engagement. They will help ensure that we are making a good effort to reach as many people as possible through a variety of outreach activities. The committee is composed of 10 community champions, including Mayor Terri Cooper, City Councilman Lance Speirs, Planning Commissioner Carl Munson, Parks Board member Diane Nichols, and representatives from the school district, our state institutions, Re\*Imagine, the Wellness Center, and the faith and business communities.

### Check out our Website

The City website has a dedicated page to the Comprehensive Plan Update ([medical-lake.org/city-government/comprehensive-plan](https://medical-lake.org/city-government/comprehensive-plan)). Visit this page to find the latest information, survey opportunities, important dates, and community outreach events. You can also sign up to get emailed updates. This QR code will take you directly to the webpage.

### Complete Two Surveys

Two surveys have been initiated to kick-off the update process. The first survey is about **communication preferences** and takes about 10 minutes to complete. The information gained from this survey will be applicable across City services, not just the comprehensive plan update. You can participate by using this QRC.

The second survey was created to get the **pulse of the community**. We want to know what you love about Medical Lake to create a vision for our future. This survey can be accessed with this QR Code and will take about 10 minutes to complete.

### Visit Us at Founders Day

Visit the City of Medical Lake booth at Founders Day on Saturday, June 21<sup>st</sup>. We will have new information, activities, and the 2025 "I ♥ Medical Lake" sticker.

### Find out more at Planning Commission

The Planning Commission is responsible for guiding the comprehensive plan update process and will be reviewing and discussing each step. Most importantly, the Commission will be looking at the community feedback and making sure it is appropriately incorporated into the draft plan.

Upcoming Meetings:

May 22<sup>nd</sup>      June 26<sup>th</sup>      July 24<sup>th</sup>
